

The information below will be completed by Kentwood Administration and provided to Alternative Education Foundation's Scholarship Committee (for every family receiving financial assistance). Alternative Education Foundation provides scholarships and financial support for students and families to attend Kentwood. **Based on the information below, the committee will approve your continued scholarship funding for 2011/12.** If you have not participated in or supported AEF events this school year, you still have time. Your child's scholarship is contingent upon your support at events throughout the year.

This is a **copy** for your reference. Please **DO NOT** return this form to us; it is for your records. You will be receiving a form to fill out with your re-enrollment paperwork. Remember, the more events and support you are associated with; the greater your opportunity for continued scholarship support. Due to the current economic climate, scholarship monies are at an all time low. Due to the high demand for scholarships and a waiting list for students the scholarship committee has established the following criteria (to determine which families maintain their financial assistance). If you have any questions please contact us.
